

WORKSHEET “All Wrapped Up”

DIRECTIONS:

- 1. Choose five types of packaging. List each type in the boxes across the top of the chart.
- 2. Decide which five properties of packaging you want to investigate. Write them in the first column on the left, in the squares labeled A-E.
- 3. After you’ve explored each package’s properties, decide the “pros” and “cons” of each packaging type and write your conclusions in the last two rows of boxes.
