

Biomimicry Handout: Inventor's Worksheet

After conducting your research, complete the following information. Then, sketch your invention.

The animal/plant/organism I am using as a model is _____.

A description of the strategy (or strategies) I am using to create my invention is _____

_____.

In the box below, draw a sketch of your invention. At the bottom of the box, briefly describe how your invention might be used to make transportation more sustainable. Remember that, even if the technology or capability doesn't currently exist to create your invention, that doesn't mean it won't be available in the future.

THIS IS MY INVENTION!
