

Make a Solar Oven

You Will Need:

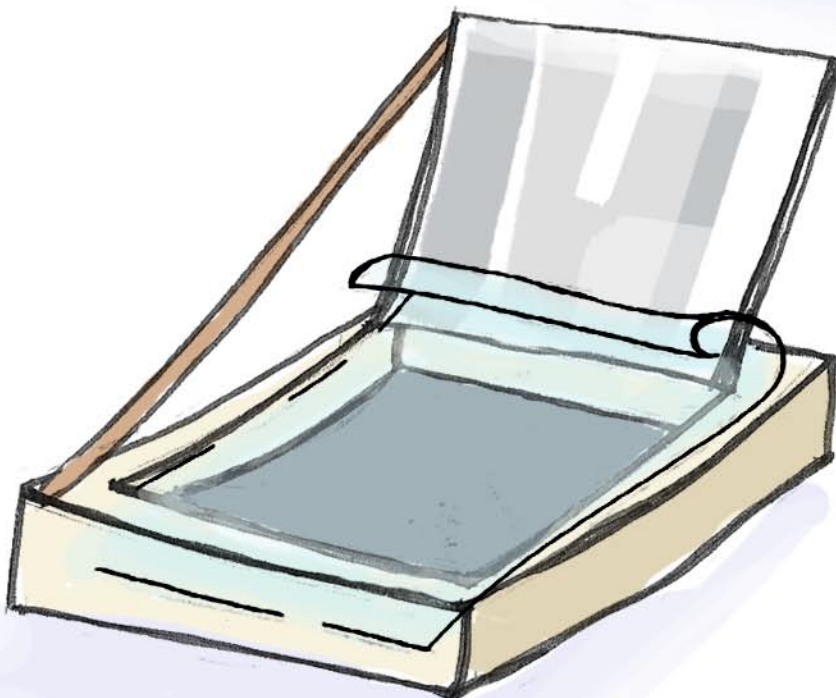

- Pizza Box
- Wax Paper
- Black Paper
- Clear Tape
- Glue
- Scissors
- Dowel
- Thermometer
- Aluminum Foil

1. Cut a flap out of the top of the box, leaving one side un-cut.

2. Cover the flap with aluminum foil, and lay the bottom of the box with dark construction

3. Tape wax paper over the hole you made in the pizza box, and glue the dowel, connecting the flap and the top of the box.
